CHIEF SECRETARY

2/10

Per 63
No. Office of the Inspector General of Police in Mysore,
Dated Bangalore, 12th September 1920.

FROM

A. GUERAJANATHA IYER, Esq., B.A.,
Inspector General of Police in Mysore,
Bangalore.

TO

C. S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Government
of His Highness the Maharaja of Mysore.

Sir,

I have the honor to submit the following report on
the administration of the Police Department in Mysore during
the year 1919-20:-

I held charge of the Department throughout the year.

Mr. A. Hayes continued to be the Head quarter Office
Assistant till 23rd February 1920 on which date he was relieved
by Mr. T. Abdul Khader who continued in that capacity during the
remaining part of the year.

2. Appendix " A " shows the names of Police Officers who
were in charge of the Department during the year.

3. In all cases the number of offences in 1963 were less than in the previous year except in the case of...

The fluctuations in the number of offences are as follows:-

Class	Description of Crime	Reported in		In 1963
		1962	1963	
I	Offences against the State, Public Security	143	13	.
II	Serious offences against person	691	637	.
III	Minor offences against person	1076	1012	120
IV	Minor offences against property	110	121	19
V	Serious offences against property	2037	275	239
VI	Minor offences against property	1600	1424	.
		3173	3669	515

Not for cases 235 or 236 (theft of...)

In classes I, II & VI there was a decrease which is attributed to the vigilance of the police and the greater number of cases dealt with under the offence of illegal regulation relating to illicit transportation of controlled food-stuffs in the districts of Calcutta, Mysore, (Mithapur), Pondicherry, the cities of Madras and Mysore compared in this year with in the previous year.

The increase of crime under classes III and V viz. "serious offences against person and property" and "minor offences against property" are related to...

Bangalore and Hassan and Kolar Gold Fields Circle contributed mostly to the increase under class III which is attributed by the District Officer to the high prices of food-stuffs and in the Bangalore Circle especially to the unusual activity of criminal gangs. While the districts of Bellary, Tumkur and Madur and Kolar Gold Fields Circle and the cities of Bangalore and Mysore report an increase which is attributed to high prices of food stuffs, the remaining districts Mysore, Channarayana and Chitaldrug, French Bazaar Circle and Railways show a decrease of crime under class V. The District Superintendent of Police, Mysore points down the decrease in his district to the timely adoption of preventive measures, such as (1) Road and Jungle patrols. (2) Institution of security proceedings against wandering criminal gangs in addition to subjecting them to surveillance.

The fluctuations of crime in the districts are as follows:-

Districts	Increase	Decrease
Bangalore	81	-
Kolar	181	-
Tumkur	137	.
Mysore	-	182
Hassan	70	.
Channarayana	132	.
Chitaldrug	.	77
Madur	123	.
French Bazaar	.	8
Kolar Gold Fields	162	.
Bangalore City	.	327
Mysore City	43	.
Chitaldrug	.	19
Total	640	523

In the previous year there was a certain increase of crime in the districts of Mysore and Chitaldrug which is counterbalanced by the decrease in the districts of Mysore and Chitaldrug which showed an increase in the year. The districts of Hassan, Chitaldrug, and Mysore and Chitaldrug have shown a decrease in crime in the last year, shown increase of crime. Regarding the decrease of 337 cases in Bangalore City, it has been explained that while cases reported under classes I to V increased from 433 of last year to 501 cases in this year, cases under class VI alone fell from 843 last year to 148 in this year, thus showing a net decrease of 337 cases. The decrease is due to the lesser number of cases dealt with by the police under the police and other regulations.

4. The subjoined statement shows the total number of cognizable cases dealt with in the several districts arranged in order of merit.

It will be seen that in the matter of detection there is some improvement. There has been substantial improvement in all areas except in the Districts of Tumkur and Mysore and the Bangalore City and Railways. The improvement in Hassan District and the reverse in Tumkur and Mysore Districts are noticeable. Kolar, Kolar Gold Fields, Shimoga and Chitaldrug continued at the top as in the previous year.

5. In the matter of recovery of property the results are not as good as in the last year. There has been improvement and that ^{Substantially} ~~definitely~~ in four areas only i.e. Chitaldrug, Palsan, Mysore and French Bazar. The credit is the greater to Chitaldrug when it is remembered that nothing connected with the theft of property worth Rs. 6,500/- from Dr. Anantha Chetty's house had been recovered before the close of the year.

The deficiency in the Kolar Gold fields is explicable as so large a sum as Rs. 14,738 was embezzled by the then Secretary of the Gorganum Mine Co-operative credit Society while nothing could be recovered from him.

LITIGATION OF COGNIZABLE CRIME

6. 8459 cases were reported as against 8193 cases in the previous year and 6068 cases were pending at the close of the year. Thus the Police had to deal with 14,517 cases as against 12,973 cases in the previous year. Of these 18 cases were transferred to the British Police and investigation was refused in 276 cases. 1954 cases were declared by the Magistrates to be false due to mistake of fact or law, or as non-cognizable. 1305 cases were returned as undetectable, 54 cases were struck off on "A" form, 132 cases were either withdrawn or compounded.

Of the remaining 10,728 cases 3162 cases ended in conviction and 1142 in acquittal or discharge, leaving 6424 cases pending at the close of the year. Of these 2254 cases were pending with the Magistrate on "A" Form, 2096 cases on "B" Form and 2074 cases were under investigation with the Police at the close of the year against 2197 in the previous year.

It will be seen that though the number of cases reported was larger than in the previous year, the number pending with the Police at the end of the year was slightly less, i.e., 2074 against 2197.

The cases pending with the Magistrate appear on the other hand to have increased as the figures given below will show:-

End of year	A. Pending	B. Pending	Total
17-18	1167	1661	2768
18-19	1996	1666	3661
19-20	2254	2096	4350

This congestion is reported to be due to the increase in the number of stipendiary magistrates

Handwritten notes:
This congestion is reported to be due to the increase in the number of stipendiary magistrates
The number of cases pending with the Magistrate has increased from 2768 in 17-18 to 4350 in 19-20.
The number of cases pending with the Police has decreased from 2197 in 19-20 to 2074 in 20-21.

OFFENCES AGAINST
THE STATE.

7. 284 cases were dealt with as against 241 in the previous year showing an increase of 43 cases. Of these 84 were reported as true as against 70 in the previous year. 51 cases ended in conviction as against 52 in the previous year, the percentage being 60.7 as against 74.2.

OFFENCES RELATING
TO COINS

8. As in the previous year 3 cases were dealt with under this head. One of them was of some importance. Counterfeit nickel coins found their way into the treasuries in the Hassan District and also to Coorg and it was suspected that they were being manufactured in Hassan District. The activities of the Police Department induced the suspected people except one Erachari a resident of Konanur in Arakalgud Taluk to stop their operations. Erachari was in May last caught red-handed while in the act of preparing counterfeit nickel 2 anna pieces and the moulds etc., were seized. The case was pending before the Sessions Court at the end of the year and has since ended in conviction.

Of the other 2 cases one ended in acquittal and one is pending with the Police.

OFFENCES RELATING
TO CURRENCY NOTES

6 cases of receipt of forged currency notes were reported during the year (5 from Bangalore City and 1 from Railways) against 5 in the previous year. Of these 3 cases were reported on "C" Form as the forgeries could not have been within the limits of the State, while the remaining 3 cases were pending investigation with the Police at the close of the year.

26

OTHER OFFENCES
AGAINST PUBLIC
JUSTICE

9. The number of cases reported during the year increased from 55 to 63, the increase being due to a larger number of escapes from lawful custody. The percentage of convictions to cases reported and pending was 34.3 and that to cases decided 83.7.

RIOTS

27

10. The number of cases reported during the year was, it is satisfactory to note 54 against 74 in the previous year. In ^{seven} six of them death resulted. Most of these cases were as usual due to land disputes. The largest number of these cases was as is to be expected in the Mysore District. There was a perceptible decrease in the Chitaldrug District from 10 in the last year to 3 cases in this year and similarly in the Tumkur District from 12 to 6 and in the Mysore City from 9 to 3.

In the previous year ¹⁴ 74 cases ended in conviction and 72 were pending on "A" Form before Magistrates, while in the year under report ¹² 73 cases ended in conviction and 75 cases were pending on "A" form before Magistrates. Three cases were with-drawn and 18 cases ended in acquittal or discharge in the year as against 1 and 14 in the previous year.

The delay in the disposal of these cases is again complained of. The District Superintendent of Police of Mysore writes, as follows:-

"It is in cases of Rioting more than in any other, that a speedy disposal in courts is necessary." The District Superintendent of Police of Bangalore says, "It is to be regretted that such cases are not being promptly disposed of by Magistrates. Delays in the disposal of Rioting cases only make the parties bolder to continue their lawlessness in the out of the way villages and such protracted trials also tend to the ends of justice being defeated."

The District Superintendent of Police of Bangalore says, "It is to be regretted that such cases are not being promptly disposed of by Magistrates. Delays in the disposal of Rioting cases only make the parties bolder to continue their lawlessness in the out of the way villages and such protracted trials also tend to the ends of justice being defeated."

to be dealt with by the District Superintendent of Police of Bangalore

CLASS II

Serious offences
against the person

11. The total number of reported as well as of pending cases under this class was 1287 against 1148 in the previous year showing an increase of 139 cases due to the large number of pending cases of last year. There was however a slight decrease in the number of cases reported during the year being 667 against 681 in last year. There was a decrease of only one in the number reported under the important offence of murder, while there was an increase of 6 cases under the offence of culpable homicide not amounting to murder. The percentage of convictions to cases reported and pending under this class was 12.5 against 11.5 and that to cases decided was 43.5 against 37.6.

12. The subjoined table gives the results of action in cases of "murder", "Attempts at murder" and "Culpable Homicide" in the several districts:-

Districts	Murder				Attempts at murder				Culpable homicide

* includes pending cases of last year.

In the matter of murders the large increase in the Mysore District from 6 to 14 is noticeable. The variations in other areas call for no remarks. The number of murder cases that ended in conviction was 33 in this year against 23 in last year. The percentage

percentage of convictions to cases reported was 44.6 against 30.6 and that to cases decided 56.9 against 47.

It is found that 31 murders are reported to be due to love intrigues, 16 to Civil disputes and ill feeling, 7 to riots, 4 to thefts and 7 to other causes. 9 are cases of infanticide.

ATTEMPTS AT MURDER

AND CULPABLE HOHI-

CIDE

31

13. The number of offences of attempt at murder remained the same as in last year while that under culpable Homicide was more than the number reported last year by 6 cases, Mysore District contributing 5 to this increase. The percentage of convictions in both these offences to cases decided was 60 and 62.5 respectively against 25 and 73.3 of the previous year.

As regards murders one case deserves mention here. A notorious Out-law named Kanneswari Rama who had escaped from Police custody in Dharwar District and was responsible for murders both there and in the Shimoga District was lurking in the jungle of Sorab Taluk and was captured in August 1919 by the Provincial Reserve Police aided by the District Police. He was sentenced to death in one of the cases and suffered the Extreme penalty of the law.

CLASS III

SERIOUS OFFENCES
AGAINST PERSON &
PROPERTY

14. The total number of cases dealt with under this class was 4,120 against 3695 in the previous year. The subjoined statement shows the result of Police action under the most important heads of dacoity, robbery and house breaking and theft.

ACTIVITIES AND HOBBIES

15. The number of dacoities reported increased to 6 in the year from 45 in last year while there was a slight decrease in the number of robberies from 82 to 81. Tumkur and Shiloga Districts reported the large number of dacoities being 9 and 10 respectively in this year against 2 and 5 in the previous year. The variations in other districts call for no remarks.

8 cases in Tumkur District and 6 in Shivoga District are reported to be ~~in~~ the work of professional gangs. Of the cases reported from Kolar and Chitaldr Districts 3 and 6 are reported to be ~~in~~ the work of such gangs against 6 and 4 of the previous year. Thus while in the previous year 10 only were reported to be the work of such gangs, 23 cases are attributed to them in the year under report.

The value of property lost is, however, inconsiderable and the articles are mostly such as cannot satisfactorily ^{be} identified. Most of the cases are therefore undetected.

The rest of the cases of dacoity is reported to be due to party feuds and petty quarrels especially in Mysore District.

The percentage of convictions to cases reported and pending under "Dacoity" was 12 in this year against 4.4 in the previous year, and that to cases decided was 60 against 18.7.

The percentage of conviction under "robberies" to cases reported and pending was 7.3 against 11.4 and that to cases decided was 57.1 against 78.3.

It has to be noted that many a time petty squabbles and disputes about immovable property are exaggerated to be robberies and dacoities.

ALICE FRANKLIN

7.7.27

16. The number of cases reported increased to 1041 in the year under report from 1735 in the previous year. The increases of 88, 46, 70 and 31 cases in Bangalore and Hassan Districts, Kolar Gold Fields and French Rocks Circles respectively are noticeable. The variations in other areas are negligible. The increases referred to are reported to be due to the activities of Criminal gangs. Two cases of importance under this head deserve mention:-

One of them is of Chitaldrug where a man calling himself Kosavaiya got employed as a cook by Mr. Ananthia Chetty, Advocate and after a stay of 2 or 3 months stole property of the value of about Rs. 6,500/- belonging to his master. The first Information Report reminded the Criminal Intelligence Department of the Chief Office of one Michael Chetty with several aliases who had committed thefts under similar circumstances in Madras Presidency and Mysore. His photograph found in Illustration^{ed} Supplement of the Madras Criminal Intelligence Gazette, was sent to Chitaldrug and was identified by the complainant and others. Intimation was then given to Madras, Bombay and other places and photographs were distributed.^(used) ~~used~~ The man was arrested at Firupatty, about a month after the offence. The property however was not with him; and it was not till the 1st of ~~last~~ July 1920 that the property was traced to one Nanjunda of the Madur Taluk. Property worth nearly Rs. 4,500 has since been recovered. Credit is due to Inspector Mr. Banga who now in Davanagere Taluk.

The other case refers to the burglaries in the Bangalore City by "Bavriako" in June last. The modus

oprendi

operandi was the removal or boarding of the ironbars of windows and entry through the aperture thus made. The first case did not attract much notice. The value of property lost was not much and it was thought that some local budmashos might have been responsible. Poorna Parasad, the residence of the Jahgirdar of Yelandur was next broken into. Property worth about Rs. 1200 was stolen and as the lady of the house awoke the burglars ran away leaving an iron spoon with a pointed handle and a piece of cloth soaked in wax. This burglary was, with an interval of 2 days, followed by one in Lal Bagh Road where a very valuable diamond necklace with other things was stolen. It took some time for the ^{maker} matter of the spoon to be traced and for the Lyragi, subsequently found to be a Bavariah, who got it made to be arrested. This Bavariah showed on the 1st July some property which he and his gang had stolen from the house in Lal Bagh road and concealed in an out of the way building known as Kondal Matt. The necklace had been taken away to the home of the Tavarishah in Husafarnagar district and was with great difficulty recovered there in October 1920. Great credit is due to Mr. Sri Parasimha Nayak, Superintendent of Police.

These two cases necessitated the issue newly of illustrated supplements to the Mysore Police Gazette. This will be continued in future also whenever necessary.

Another matter also deserves mention. In November and December 1919 there was a series of burglaries in Channarayana in Bangalore City- the entry in most instances having been effected by removing 2 or 3 Bangalore tiles of the roof and passing

between the reapers. The persons responsible were caught towards the end of December with the result that there was no recurrence.

When the scare prevailed the residents of Seshadripuram organised patrol parties of the citizens during the dark fort-nights. One such party caught a ~~thief~~ thief also who, however, was not connected with the burglaries under advertance.

THEFTS ORDINARY

18. The number of cases reported under this head has been almost the same as in the previous year, the numbers being 2780 and 2736 respectively. There have been variations in the districts, the increase in Bangalore, Kolar, Tumkur and Hassan and in Mysore City and the decrease in Mysore and Chitaldrug Districts being noticeable. The largest number of cases was 350 in Bangalore District. Theft of Cattle.

19. There has again been an increase in the cases under this head, the number this year being 524 against 414 in the last year. The increase might also be said to be general being found in 9 areas out of 12. The largest increases were in Tumkur and Kolar Districts being 32 and 29 ^{and} is attributed to the high prices of Food Stuffs and of cattle and hides which induced the thieves to this kind of offences to make out a living.

The percentage of cases ending in conviction to cases reported was 26.6 against 23.3 and that to cases decided was 78.7 against 70 in the previous year.

*The rate in

Cases submitted

During the year under report 688 cognizable cases and 37 non-cognizable cases were referred to the Police for enquiry as against 498 and 36 respectively in the preceding year. While there has been an inconsiderable decrease in three areas Viz., Kolar and Shimoga district and Mysore City, the increase is very appreciable in the Bangalore, Tumkur, Mysore, Kadur and Chitaldrug Districts and shows that the tendency to refer cases to the Police has again asserted itself.

The largest number of references under cognizable cases was in the District of Kadur being 93 against 37 in the previous year and under Non-cognizable cases, in French Rocks 10, and Shimoga 7.

Provincial
Special Reserve
Police Force.

46. The detachment sent to the Chitanga District for the capture of the notorious Vanneswara Raja, in the previous year continued there until he was captured in August of the year under report. Besides the usual guard and escort duties and deputation to Mysore for birthday and Dasara festivities, detachments of the Force were sent to Marapur, Jog and Nolar Cold Fields during the visit of H.B. the Viceroy to Mysore in November and December 1919.

As ordered in G.O. No. G 25788-7/Pol 152-19-4 dated 46. The following statement shows the details of inspections done by the Deputy Commissioners and Superintendents of Police has been permanently located in Mysore.

Inspections of
constables by
District Police
Officers.

~~46 details of Police.~~ The following statement shows the details of inspections done by the Deputy Commissioners and Superintendents of Police:-

66

In the Shimoga District the inspection is again unsatisfactory. The short coverings of the Bangalore Kolar and Tumkur Districts have been satisfactorily accounted for. In other areas all the stations have been inspected.

The Deputy Commissioners of Mysore, Chitaldrug and Tumkur visited a good number of stations.

Strength of the force.

47. Statement D appended to the report shows the sanctioned strength, distribution and the cost of the Police Force during the year. The sanctioned strength was 915 Officers and 5,331 men against 907 officers and 5,318 men in the previous year, the fluctuation being 888 due to the sanction of the appointment of 4 Assistant Superintendents of Police (one for each of the Districts of Bangalore, Kolar, Shimoga and Chitaldrug) 4 Probationary Sub Inspectors, an additional Sub Inspector to the Railway Police and a staff of one Muffadar and 6 men for Arkalgud town and to the abolition of two posts among probationary Inspectors.

The temporary force of 115 officers and 549 men was increased during the year to 121 officers and 587 men and is accounted for as follows:--

I. Abolition of the temporary staff sanctioned for:--

- (a) Registration of Non-Asiatic Foreigners (4 officers)
- (b) Preventive and detective duties in the Closest Sub-Taluk. (1 Officer)

II. Sanction of temporary staff ^{5 for} for:--

(a) Prosecution of cases in the Special 'Magistrates' Courts newly opened at Tumkur, Nanjangud, Mandya and Tarikere (4 Officers)

(b) Lock-up and other duties at these places and at French Rocks (8 officers and 78 men)

(c) Temporary out-post at Mandi (1 officer and 2 men)

Recruitment and
vacancies.

69
48. There were 566 enlistments during the year, of which as many as 115 or 20.3 per cent was in the Chitaldrug District.

The number of vacancies at the end of the year was 167 or 30 more than that in the preceding year. The districts of Chitaldrug, Tumkur and Mysore and Bangalore City show a large number of vacancies the figures being 57, 24, 22, and 23 respectively. It is satisfactory to observe that there was not even a single vacancy on the Solar Field which is perhaps due to the liberal treatment accorded to the Police in the matter of both pay, allowances and house accommodation.

Cost of the Force

49. The cost of the Police Administration as per figures furnished by the Comptroller was £ 14,54,803 against £ 13,40,153 in the previous year as shown below:-

1. Superintendence	£ 64,941
2. Criminal Investigation Department.	" 9,209
3. District Executive Police including City Police, Bangalore and Mysore.	" 13,48,986
4. Malar Gold Fields Police	" 80,572
5. Do Detective Police.	" 14,718
6. Railway Police	" 27,478

Total 14,54,803

There was increase of expenditure under all heads except "Railway Police" where there was some decrease. The increase under "District Executive Police" is partly due to the policing of Arkalgud Town, appointment of 4 ^{Temporary} Prosecuting Inspectors to the newly opened Special Magistrates' Courts and of 5 Daffadare and 55 men for lock-up and other duties and partly to the sanction of local allowance to the men of certain District Reserves, Taluks, Town and Kacaba stations and of the Railway ^{as} and also to the heavy travelling allowance incurred on behalf of officers and men deputed for special duty in connection with His Excellency the Viceroy's Visit while that under "Superintendence" to the appointment of 4 Assistant Superintendents of Police.

Police lent to
private individuals.

55. One officer and 33 men were lent to private individuals on the usual conditions of payment as against 3 officers and 18 men.

Prosecuting Inspectors. 56. The Prosecuting Inspectors in the several districts and Cities conducted prosecution in 2,557 cases of which 1,350 ended in conviction, 418 in acquittal or discharge, 12 were withdrawn, 13 struck off on 'A' form, owing to the death of the accused, 17 compounded, and the remaining 704 cases were pending trial before the courts at the close of the year. 57. There are at present 1124 permanent criminal gangs numbering 44,913 persons, consisting of 18,230 men, 13,853 women and 12,829 children. The number of the wandering gangs that passed through the State was 640 comprising of 9,073 men, 6,092 women and 10,028 children.

The temporary staff which had been sanctioned for the registration of criminal gangs collected statistics relating to Korachera, Koranera, Donbana, Woddara, Hardi Jogi and Lambani numbering 16,971 persons in all the taluks of the Bangalore, Lolar and Chitaldrug districts and in 2 taluks of the Chitroga district. The Superintendents of Chittledrug, Kolar and D.I.D. and Railways attended the Superintendents' Meeting at Bantwal.

Casualties.

89. The total number of casualties during the year was 408 as against 560 in the previous year as detailed below:-

Casualties	1918-19	1919-20
Discharged on Pension or Gratuity	41	28
By resignation without Pension or Gratuity.	20	79
By Dismissal	103	23
By Discharge	62	17
By death	87	102
	212	48
Total	560	408

The decrease in the number of deaths is a matter for gratification. The increase under "Resignation" and "Desertion" can only be attributed to the pay and prospects being not looked upon as/ quite attractive.

1. The appointment of 4 Assistant Superintendents of Police for the charges of the Bangalore City and the Sub Division of Chickballapur, Davanagere and Sagur.

Read:-

Letter No.43 dated 1st October '20
from the Inspector General of Police in
Mysore forwarding a report on the
Administration of the Police Department
during the year 1919-20.

Order No. 420900-9
Dated, Bangalore, the 7/5

The abnormal conditions due to the
scarcity and high prices of food stuffs
which formed a general feature of the
previous year continued to prevail dur-
ing the year under review and ^{the} increased
volume of crime reported is attributed
to this circumstance.

Cognizable cases.

2. The total number of cognizable
cases reported to the Police was 8,459
against 8,193 in the previous year,
showing an increase of 266 cases. There
was a marked increase of offences
against property in the Districts of
Bangalore and Hassan and Kolar Gold
Fields, while there was a fall in the
Districts of Mysore and Chitaldrug and
the French Rocks Circle. It is satis-
factory to note however that there was
reduction in the number of riots, the
figure for the year under review being
54 as against 74 in the previous year.

It

1/4

1/2

It has been brought, to the notice of the Government that there is great delay in the disposal of cases of rioting in the Magistrates' Courts and that this tends to an increase of this class of crime. There is no doubt that procrastination of cases of rioting is a fruitful source of litigation, both civil and criminal, and the District Magistrates are therefore requested to see that the subordinate Magistracy are prompt in the disposal of such cases.

in the disposal

3. The number of dacoities rose from 45 in the previous year to 57, the largest number being reported from the Tumkur and Shimoga Districts. These are stated to be the work of criminal gangs from the bordering British District, but the report is silent as to whether these gangs have been traced and their activities checked. Special efforts should be made in this direction.

Murder cases.

4. The number of murders reported was 74 against 75 in the previous year, the cases reported from the Mysore District having risen from 6 to 14. The number of convictions rose from 23 to 33, and the percentage of convictions to cases reported was 44.6 against 30.6 and that to cases decided 56.9 against 47 in the previous year.

Sessions Trials.

5. There was an appreciable increase in the number of Sessions cases ~~from~~ viz, ^{from} 90 to 108 and it is satisfactory to

W.H.

note that 76.04 per cent of these cases ended in conviction against 63.7 per cent in the previous year. Of these Mysore and the French Rocks Circle show the best results.

Recovery of stolen property.

6. As regards the recovery of stolen property, the results achieved during the year under report do not compare favourably with those of the last year. In 3,747 cognizable cases, property of the value of Rs.3,90,181/- was lost against Rs.3,71,096 in 3,970 cases, of which property of the value of Rs.125,852 relating to 2,477 cases was recovered against Rs.128,457 in 2,360 cases during the previous year. One of the important tests of the efficiency of the Police is their success in respect of the recovery of stolen property and it is hoped that better results will be shown in future.

Offences relating to Coins.

7. It is satisfactory to note that in one of the 3 cases relating to this class of offences, the Police seized the offender while he was actually engaged in manufacturing counterfeit *nicked* coins in the Hassan District and the case ended in conviction.

Theft of Cattle.

8. Though the trade in hides was not brisk during the year, cattle thefts increased from 414 in the previous year to 524 during the year under review the increase being probably due to the high prices of cattle. Every

mk

endeavour should be made to check this class of crime.

Cases referred to Police for enquiry.

9. The Inspector General of Police brings to notice the increasing tendency on the part of Magistrates to refer cases to the Police for enquiry. During the year under review the number of such cases was 725 against 534 in the previous year. The attention of the District Magistrates is invited to para 25 of the Report and they are requested to see that the magistrates do not unnecessarily burden the Police with this class of work which can be disposed of more effectively and with less trouble to the parties in their own courts.

Prosecutions for false complaints.

10. Out of 1,954 cases ordered to be struck off by Magistrates as false or non-cognizable or as due to a mistake of law or fact, only 7 cases were declared to be maliciously false, but sanction to prosecute the complaints^{an} was granted in four cases only..

Prosecutions for perjury.

11. Having regard to the large number of acquittals, discharges &c, and the frequent complaints of the Police that prosecution witnesses are tampered with it is strange that only 3 persons were prosecuted for perjury. Greater attention should be paid by the Police to bring false witnesses to justice. The results achieved during the year under review are poor and show that the

Wk

Police Superintendents are not alive
to their duty in ^{regards} this matter.

Preventive action under
Section 565 Cr.P.C.

12. In 2 cases only convicted persons were ordered to notify residence under section 565, Criminal Procedure Code, as against 10 in the previous year. This is not satisfactory considering the large number of cases of previous convictions referred to in para 26 of the Report. Government desire to emphasize the importance of taking preventive action under the section and the attention of the District Magistrates will be drawn to the remarks made in para 10 of the last year's review in this connection and they will be requested to submit an early report to Government as to the action taken by them in the matter.

Known Depredators.

13. It will be a great incentive for good conduct on the part of the K.D's if such of them as are reported to be leading an honest and peaceful life are removed from the list. A statement showing the action taken under this head should be submitted in future reports.

Village Police.

14. It is gratifying to record that the co-operation of the Village Police continued to produce good results as in the previous year. 126 persons were arrested by the Village Police in 60 cases, against 94 persons in 79 cases during the preceding year and 67 persons were convicted in 43 cases. The Bangalore District shows the largest number of arrests, while no arrests were made in the Chitaldrug District. It is not clear from the report whether the suggestion made in the last year's review regarding the scale of rewards for the Village Police was adopted in any of the districts, and the Inspector General of Police is requested to furnish information on this point in the next year's report.

Offences under the
Juvenile Smoking
Prevention Regulation.

15. Under the Juvenile Smoking Prevention Regulation, 127 juveniles were prosecuted against 22 in the previous year. Of these 3 were convicted and fined, 1 was acquitted and 112 were warned as first offenders. Government are glad to note that increased attention is being paid by the Police to enforce the provisions of this Regulation.

Infant Marriage Prevention
Regulation.

16. There were 4 cases involving 14 persons under the Infant Marriage Prevention Regulation and of these two cases involving 7 persons ended in conviction.

17. It is satisfactory to note that Police Officers of the higher grades and Amildars have taken an increased share in the investigation of heinous cases, ~~and the interest will be shown in this~~
~~interest~~

Violent and unnatural deaths.

18. The Inspector General of Police is requested to furnish in future reports ~~in the reports~~ information regarding accidental deaths, mining accidents and snake bites &c.

19. The total number of officers and men punished judicially and departmentally increased from 1810 in the previous year to 2303 in the year under report. Of these punishments 2272 were for breaches of departmental rules and discipline and 31 for offences under the Police and other Regulations. The number is large and shows that either the recruitment is not good or that the training is defective. Government hope that better efforts will be made to improve the morale of the force.

20. Government are glad to note that the Inspector General of Police toured ^{Districts and inspected all the} in all the District Police Superintendent's Offices including the offices of the Superintendent of Police, Railways and C.I.D. and Assistant Superintendent of Police, Mysore City, and several Head Stations and Sub Stations.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 43, dated 1st October 1920, from the Inspector-General of Police in Mysore, forwarding a report on the Administration of the Police Department during the year 1919-20.

Order No. 20930-9—Pol. 62-20-5, dated 7th May 1921.

The abnormal conditions due to the scarcity and high prices of food stuffs which formed a general feature of the previous year continued to prevail during the year under review and the increased volume of crime reported is attributed to this circumstance.

2. *Cognizable cases.*—The total number of cognizable cases reported to the Police was 8,459 against 8,193 in the previous year, showing an increase of 266 cases. There was a marked increase of offences against property in the districts of Bangalore and Hassan and Kolar Gold Fields, while there was a fall in the districts of Mysore and Chitaldrug and the French Rocks Circle. It is satisfactory to note however that there was reduction in the number of riots, the figure for the year under review being 54 as against 74 in the previous year. It has been brought to the notice of the Government that there is great delay in the disposal of cases of rioting in the Magistrates Courts and that this tends to an increase of this class of crime. There is no doubt that procrastination in the disposal of cases of rioting is a fruitful source of litigation, both civil and criminal, and the District Magistrates are therefore requested to see that the subordinate Magistrates are prompt in the disposal of such cases.

3. The number of dacoities rose from 45 in the previous year to 57, the largest number being reported from the Tumkur and Shimoga Districts. These are stated to be the work of criminal gangs from the bordering British Districts, but the report is silent as to whether these gangs have been traced and their activities checked. Special efforts should be made in this direction.

4. *Murder cases.*—The number of murders reported was 74 against 75 in the previous year, the cases reported from the Mysore District having risen from 6 to 14. The number of convictions rose from 23 to 33, and the percentage of convictions to cases reported was 44.6 against 30.6 and that to cases decided 56.9 against 47 in the previous year.

5. *Sessions trials.*—There was an appreciable increase in the number of Sessions cases, viz., from 90 to 108 and it is satisfactory to note that 76.04 per cent of these cases ended in conviction against 63.7 per cent in the previous year. Of these Mysore and the French Rocks Circle show the best results.

Net increase 266 or 3.2 per cent.

In classes I, II and VI, there was a decrease which is attributed to the vigilance of the Frontier Police and a smaller number of cases dealt with under the Defence of India Regulation relating to illicit transportation of controlled food-stuffs in the Districts of Bangalore, Mysore, Chitaldrug, French Rocks; the cities of Bangalore and Mysore being less in this year than in the previous year.

The increase of crime under classes III and V viz., "Serious offences against person and property" and "Minor offences against property" was perceptible being 256 and 238 respectively. The Districts of Bangalore and Hassan, and Kolar Gold Fields Circle contributed mostly to the increase under class III which is attributed by the District Officers to the high prices of food-stuffs and in the Bangalore District especially to the unusual activity of criminal gangs. While the

Districts of Kolar, Tumkur and Kadur, and Kolar Gold Fields Circle and the cities of Bangalore and Mysore report an increase which is attributed to high prices of Food stuffs, the remaining districts of Mysore, Shimoga and Chitaldrug, French Rocks Circle and Railways show a decrease of Crime under Class V. The District Superintendent of Police, Mysore, puts down the decrease in his district to the timely adoption of preventive measures, such as (1) Road and Jungle patrols, (2) Institution of security proceedings against wandering criminal gangs in addition to subjecting them to surveillance.

The fluctuations of crime in the Districts are as follows:—

District	Increase	Decrease

As in the previous year, there was again an increase of crime in the districts of Kolar and Tumkur. This is counterbalanced by the decrease in the districts of Mysore and Chitaldrug which showed an increase last year. The districts of Hassan, Shimoga and Kadur, and Kolar Gold Fields Circle and Mysore City have, unlike last year, shown increase of crime. Regarding the decrease of cases in Bangalore City, it has to be explained that while cases reported under Classes I to V increased from 433 of last year to 501 cases in this year, cases under class VI alone fell from 543 last year to 148 in this year, thus showing a net decrease of 327 cases. The decrease is due to the lesser number of cases dealt with by the Police under the Police and other Regulations.

4. The subjoined statement shows the total number of cognizable cases dealt with in the several districts arranged in order of merit.

It will be seen that in the matter of detection there is some improvement. There has been substantial improvement in all areas except in the Districts of Tumkur and Mysore and the Bangalore City and Railways. The improvement in Hassan District and the reverse in Tumkur and Mysore Districts are noticeable. Kolar, Kolar Gold Fields, Shimoga and Chitaldrug continued at the top as in the previous year.

5. In the matter of recovery of property, the results are not as good as in the last year. There has been improvement and that substantially, in four areas only *i. e.* Chitaldrug, Hassan, Mysore and French Rocks. The credit is the greater to Chitaldrug when it is remembered that nothing connected with the theft of property worth Rs. 6,500 from Mr. Anantha Chetty's house had been recovered before the close of the year.

The deficiency in the Kolar Gold Fields is explicable as so large a sum as Rs. 14,738 was embezzled by the then Secretary of the Oorgaum Mine Co-operative Credit Society while nothing could be recovered from him.

6. *Disposal of Cognizable Crime.*—8,459 cases were reported as against 8,193 cases in the previous year and 6,058 cases were pending at the close of the year. Thus the Police had to deal with 14,517 cases as against 12,972 cases in the previous year. Of these, 18 cases were transferred to the British Police and investigation was refused in 276 cases. 1,954 cases were declared by the Magistrates to be false due to mistake of fact or law, or as non-cognizable. 1,355 cases were returned as undetectable, 54 cases were struck off on A Form, 132 cases were either withdrawn or compounded.

Of the remaining 10,728 cases, 3,162 cases ended in conviction and 1,142 in acquittal or discharge, leaving 6,424 cases pending at the close of the year. Of these, 2,254 cases were pending with the Magistracy on A Form, 2096 cases on B Form and 2,074 cases were under investigation with the Police at the close of the year against 2,197 in the previous year.

It will be seen that though the number of cases reported was larger than in the previous year, the number pending with the Police at the end of the year was slightly less, *i. e.*, 2,074 against 2,197.

The cases pending with the Magistracy appear on the other hand to have increased as the figures given below will show :—

End of year	A. Pending	B. Pending	Total
17-18	1,167	1,601	2,768
18-19	1,995	1,866	3,861
19-20	2,254	2,096	4,350

This congestion is reported to be due to the decrease in the number of stipendiary Magistrates consequent on the introduction of the scheme for the separation of Judicial and Executive functions.

7. *Offences against the State.*—284 cases were dealt with as against 241 in the previous year showing an increase of 43 cases. Of these, 84 were reported as true as against 70 in the previous year. 51 cases ended in conviction as against 52 in the previous year, the percentage being 60.7 as against 74.2.

8. *Offences relating to Coins.*—As in the previous year, 3 cases were dealt with under this head. One of them was of some importance. Counterfeit nickel coins found their way into the treasuries in the Hassan District and also to Coorg and

it was suspected that they were being manufactured in Hassan District. The activities of the Police Department induced the suspected people except one Erachari, a resident of Konanur in Arkalgud Taluk to stop their operations. Erachari was in May last caught red-handed while in the act of preparing counterfeit nickel 2-anna pieces and the moulds etc., were seized. The case was pending before the Sessions Court at the end of the year and has since ended in conviction. Of the other 2 cases, one ended in acquittal and one is pending with the Police.

Offences relating to Currency Notes.—3 cases of receipt of forged currency notes were reported during the year (5 from Bangalore City and 1 from Railways) against 5 in the previous year. Of these, 3 cases were reported on C Form as the forgers could not have been within the limits of the State, while the remaining 3 cases were pending investigation with the Police at the close of the year.

9. *Other offences against Public Justice.*—The number of cases reported during the year increased from 55 to 63, the increase being due to a larger number of escapes from lawful custody. The percentage of convictions to cases reported and pending was 34.3 and that to cases decided 83.7.

10. *Riots.*—The number of cases reported during the year was, it is satisfactory to note 54 against 74 in the previous year. In seven of them death resulted. Most of these cases were as usual due to land disputes. The largest number of these cases was, as is to be expected, in the Mysore District. There was a perceptible decrease in the Chitaldrug District from 10 in the last year to 3 cases in this year and similarly in the Tumkur District from 12 to 6 and in the Mysore City from 9 to 3.

In the previous year, 14 cases ended in conviction and 72 were pending on A Form before Magistrates, while in the year under report, 12 cases ended in conviction and 75 cases were pending on A Form before Magistrates. Three cases were withdrawn and 18 cases ended in acquittal or discharge in this year as against 1 and 14 in the previous year.

The delay in the disposal of these cases is again complained of. The District Superintendent of Police of Mysore, writes as follows :—

“It is in cases of Rioting more than in any other, that a speedy disposal in Courts is necessary.” The District Superintendent of Police, Bangalore, says “It is to be regretted that such cases are not being promptly disposed of by Magistrates. Delays in the disposal of Rioting cases only make the parties bolder to continue their lawlessness in the out of the way villages and such protracted trials also tend to the ends of justice being defeated.”

CLASS II.

11. *Serious offences against the person.*—The total number of reported as well as of pending cases under this class was 1,287 against 1,148 in the previous year, showing an increase of 139 cases due to the large number of pending cases of last year. There was however a slight decrease in the number of cases reported during the year, being 667 against 631 in last year. There was a decrease of only one in the number reported under the important offence of murder, while there was an increase of 6 cases under the offence of culpable homicide not amounting to murder. The percentage of convictions to cases reported and pending under this class was 12.5 against 11.5 and that to cases decided was 43.5 against 37.6.

12. The subjoined table gives the results of action in cases of "Murder" "Attempts at murder" and "Culpable homicide" in the several districts:—

In the matter of murders, the large increase in the Mysore District from 6 to 14 is noticeable. The variations in other areas call for no remarks. The number of murder cases that ended in conviction was 33 in this year against 23 in last year. The percentage of convictions to cases reported was 44.6 against 30.6 and that to cases decided 56.9 against 47.

It is found that 31 murders are reported to be due to love intrigues, 16 to civil disputes and ill feeling, 7 to riots, 4 to thefts and 7 to other causes. 9 are cases of infanticide.

13. *Attempts at murder and culpable homicide.*—The number of offences, of attempt at murder remained the same as in last year, while that under culpable homicide was more than the number reported last year by 6 cases, Mysore District contributing 5 to this increase. The percentage of convictions in both these offences to cases decided was 60 and 62.5 respectively against 25 and 73.3 of the previous year.

As regards murders, one case deserves mention here. A notorious out-law named Kanneswar Rama, who had escaped from Police custody in Dharwar District and was responsible for murders both there and in the Shimoga District, was lurking in the jungle of Sorab Taluk and was captured in August 1919 by the Provincial Reserve Police aided by the District Police. He was sentenced to death in one of the cases and suffered the extreme penalty of the law.

CLASS III.

14. *Serious offences against person and property.*—The total number of cases dealt with under this class was 4,120 against 3,695 in the previous year. The subjoined statement shows the result of Police action under the most important heads of dacoity, robbery and house-breaking and theft.

15. *Dacoities and robberies.*—The number of dacoities reported increased to 57 in the year from 45 in last year, while there was a slight decrease in the number of robberies from 82 to 81. Tumkur and Shimoga Districts reported the largest number of dacoities being 9 and 10 respectively in this year against 2 and 5 in the previous year. The variations in other districts call for no remarks.

8 cases in Tumkur District and 6 in Shimoga District are reported to be the work of professional gangs. Of the cases reported from Kolar and Chitaldrug Districts, 3 and 6 are reported to be the work of such gangs against 6 and 4 of the previous year. Thus, while in the previous year 10 only were reported to be the work of such gangs, 23 cases are attributed to them in the year under report.

The value of property lost is however inconsiderable and the articles are mostly such as cannot satisfactorily be identified. Most of the cases are therefore undetected.

The rest of the cases of dacoity is reported to be due to party feuds and petty quarrels especially in Mysore District.

The percentage of convictions to cases reported and pending under "dacoity" was 12 in this year against 4.4 in the previous year, and that to cases decided was 60 against 18.7.

The percentage of convictions under "robberies" to cases reported and pending was 7.3 against 11.4 and that to cases decided was 57.1 against 78.3.

It has to be noted that many a time, petty squabbles and disputes about immovable property are exaggerated to be robberies and dacoities.

15. *House breaking and theft.*—The number of cases reported increased to 4,941 in the year under report from 1,725 in the previous year. The increases of 58, 19,79 and 31 cases in Bangalore and Hassan Districts, Kolar Gold Fields and French Rocks Circles respectively are noticeable. The variations in other areas are negligible. The increases referred to are reported to be due to the activities of Criminal gangs. Two cases of importance under this head deserve mention:—

One of them is of Chitaldrug where a man calling himself Kesavaiya got employed as a cook by Mr. Ananthiah Chetty, Advocate and after a stay of 2 or 3 months, stole property of the value of about Rs. 6,500 belonging to his master. The first Information Report reminded the Criminal Intelligence Department of the Chief Office of one Michael Chetty with several aliases who had committed theft, under similar circumstances in Madras Presidency and Mysore. His photograph found in Illustrated Supplement of the Madras Criminal Intelligence Gazette, was sent to Chitaldrug and was identified by the complainant and others. Intimation was then given to Madras, Bombay and other places and photographs were distributed broad cast. The man was arrested at Tirupathy, about a month after the offence. The property however was not with him; and it was not till the 1st of July 1920 that the property was traced to one Nanjunda of the Kadur Taluk. Property worth nearly Rs. 4,500 has since been recovered. Credit is due to Inspector Mr. Ranga Rao now in Davangere Taluk.

The other case refers to the burglaries in the Bangalore City by Bavariahs in June last. The *modus operandi* was the removal or bending of the iron bars of windows and entry through the aperture thus made. The first case did not attract much notice. The value of property lost was not much and it was thought that some local badmishes might have been responsible. Poorna Prasad, the residence of the Jahgirdar of Yelandur was next broken into. Property worth about Rs. 1,200 was stolen and when the lady of the house awoke, the burglars ran away leaving an iron spoon with a pointed handle and a piece of cloth soaked in wax. This burglary was, with an interval of 2 days, followed by one in Lal Bagh Road where a very valuable diamond necklace with other things was stolen. It took sometime for the maker of the spoon to be traced and for the Byragi, subsequently found to be a Bavariah, who got it made to be arrested. This Bavariah showed on the 1st July some property, which he and his gang had stolen from the house in Lal Bagh road and concealed in an out of the way building known as Kondal Mutt. The necklace had been taken away to the home of the Bavariahs in Muzafarnagar District and was, with great difficulty, recovered there in September 1920. Great credit is due to Mr. Sri Narasimha Sastry, Superintendent of Police.

These two cases necessitated the issue newly of illustrated supplements to the Mysore Police Gazette. This will be continued in future also, whenever necessary.

Another matter also deserves mention. In November and December 1919 there was a series of burglaries in Seshadripuram in Bangalore City, the entry in most instances having been effected by removing 2 or 3 Mangalore tiles of the roof and passing between the reapers. The persons responsible were caught towards the end of December with the result that there was no recurrence.

When the scare prevailed, the residents of Seshadripuram organised patrol parties of the citizens during the dark fortnights. One such party caught a thief also who however was not connected with the burglaries under advertance.

CLASS V.

17. *Minor offences against property.*—The most important offences under this class are ordinary and cattle thefts and receiving stolen property. Details of these cases are given in the following statement for the several districts :—

18. *Thefts ordinary.*—The number of cases reported under this head has been almost the same as in the previous year, the numbers being 2780 and 2736 respectively. There have been variations in the districts, the increase in Bangalore, Kolar, Tumkur and Hassan and in Mysore City and the decrease in Mysore and Chitaldrug Districts being noticeable. The largest number of cases was 350 in Bangalore District. The proportion of convictions to acquittals has increased in all areas except Mysore, Shimoga and Kadur Districts, and Kolar Gold Fields and French Rocks Circles. The percentage of convictions to cases reported is as usual highest in the Bangalore City being 61.6.

19. *Theft of cattle.*—There has again been an increase in the cases under this head, the number this year being 524 against 414 in the last year. The increase might also be said to be general being found in 9 areas out of 12. The largest increases were in Tumkur and Kolar Districts being 32 and 29 and which are attributed to the high prices of food stuffs, of cattle and hides, which induced the thieves to this kind of offences to make out a living.

The percentage of cases ending in conviction to cases reported was 26.6 against 23.3 and that to cases decided was 78.7 against 79 in the previous year.

20. *Receiving stolen property.*—Under this head, 40 cases were reported during the year or 2 more than that in the previous year. Of these, 13 cases ended in conviction and 15 in acquittal or discharge including those in the previous year.

21. *Persons in Police cases.*—The total number of persons concerned in cognizable cases dealt with by the Police was 11,901 (7,884 arrested during the year and 4,017 pending from previous year) against 10,318 (7,644 arrested and 2,674 pending, in the preceding year. Of these, 292 persons were released (224 by the Police under section 160 C. P. C. and 68 by Magistrates without trial), 4,315 were convicted, 2,596 were acquitted or discharged, cases against 54 were withdrawn, 71 compromised, 13 died, 6 escaped, 13 were transferred, 1 was sent to Lunatic Asylum and 4,540 were in custody pending trial or investigation or on bail at the end of the year, the figures for the preceding year being 302 released, (296 by the Police and 6 by Magistrates), 3603 convicted, 2,241 acquitted or discharged, cases against 37 were withdrawn, 78 compromised 23 died, 6 escaped, 8 transferred, 1 pardoned, 2 released under section 562 C. P. C. and 4,017 were pending trial or investigation or on bail. The percentage of persons convicted to those arrested was 62.4 against 47.1 in the previous year and of those tried was 62.4 against 50.1.

22. *Direct cases and persons.*—In 1,323 Magistrates' true cognizable cases, 684 persons were arrested, of whom 370 persons were convicted in 243 cases. The percentage of convictions to true cases was 16.8 as against 13.6.

23. *Non-cognizable cases.*—The number of non-cognizable cases entertained by Magistrates during the year under report was 9,886 against 9,303 in the previous year, showing an increase of 583 cases. Including 1,387 cases which were pending at the end of the preceding year, the total number of cases dealt with during the year was 11,273. Of these, 2,965 or 26.3 per cent ended in conviction against 3,331 or 22.4 per cent in the preceding year and 5,140 ended in acquittal or discharge against 4,619 in the previous year. Of the remaining cases, 700 were dismissed without trial, 11 were declared to be due to mistake of law or fact, 901 were compound or withdrawn, 22 were transferred and 1,534 cases were pending trial at the close of the year.

24. *Persons in non-cognizable cases.*—Including 3,523 persons who were under trial before the Courts at the beginning of the year, 19,631 persons appeared before the Courts in the above cases. Of these, 16,007 persons were tried, of whom 5,515 or 21.9 per cent were convicted and 12,492 were either acquitted or discharged, 988 persons were discharged after appearance without trial, 2,414 were concerned in cases compounded or withdrawn, 80 were transferred and 3,668 persons were awaiting trial at the close of the year.

48. *Recruitment and Vacancies.*—There were 566 enlistments during the year, of which as many as 115 or 20·3 per cent was in the Chitaldrug District.

The number of vacancies at the end of the year was 169 or 60 more than that in the preceding year. The Districts of Chitaldrug, Tumkur and Mysore and Bangalore City show a large number of vacancies, the figures being 37, 24, 20, and 28 respectively. It is satisfactory to observe that there was not even a single vacancy on the Kolar Gold Fields, which is perhaps due to the liberal treatment accorded to the Police in the matter of both pay, allowances and house accommodation.

49. *Cost of the Force.*—The cost of the Police Administration as per figures furnished by the Comptroller was Rs. 14,54,803 against Rs. 13,40,153 in the previous year as shown below:—

1. Superintendence	...	...	...	64,941
2. Criminal Investigation Department	...	...	...	8,108
3. District Executive Police including City Police, Bangalore and Mysore	...	...	...	12,48,986
4. Kolar Gold Fields Police	...	...	...	80,572
5. Do Detective Police	...	...	...	14,718
6. Railway Police	...	...	...	37,478
Total				14,54,803

There was increase of expenditure under all heads except "Railway Police" where there was some decrease. The increase under "District Executive Police" is partly due to the policing of Arkalgud Town, appointment of 4 temporary Prosecuting Inspectors to the newly opened Special Magistrates' Courts and of 5 Duffa-

dars and 35 men for lock-up and other duties and partly to the sanction of local allowance to the men of certain District Reserves, Taluks, Town and Kasba stations and of the Railway as also to the heavy travelling allowance incurred on behalf of officers and men deputed for special duty in connection with His Excellency the Viceroy's visit, while that under "Superintendence", to the appointment of 4 Assistant Superintendents of Police

50. *Hutting and Building*.—A sum of Rs 5,517 was spent departmentally during the year 1919-1920 in the execution of 3 petty original works and repairs to 63 buildings (Rs. 97 on original works and Rs. 5,420 on repairs) against a sum of Rs. 5,149-14-0 spent in the previous year in the execution of 5 petty original works and repairs to 62 buildings. Besides, an expenditure of Rs. 39,391 was incurred by the Public Works Department on the construction and repairs to Police Buildings (Rs. 31,953 on original works and Rs. 7,438 on repairs) during the year against Rs. 58,432 in the previous year.

51. *Ookad Toties*—There was no change in the number of Ookads sanctioned viz., 352. All these Ookads are reported to be working except 2 in the Kadur District and 4 in Mysore for want of men.

52. *Inspector General's Inspection*.—From July 1919 to June 1920, I toured in all the Districts of the State, was out in camp for 181 days travelled 9,084 miles by rail, and 1,640 miles by road, inspected all the District Police Superintendents' Offices including the offices of the Superintendent of Police, Railways and C. I. D. and Assistant Superintendent of Police, Mysore City, 9 Taluk Police Offices, 12 Investigating Centres, 3 Sub-Stations and 10 Out-posts.

53. *Punishments*.—The total number of officers and men punished judicially and departmentally increased from 1,819 to 2,803 in the year under report. Of these punishments, 2,272 were for breaches of departmental rules and discipline and 531 for other offences. The following are the offences for which Police men were convicted :—

Offences against the Police Regulation	...	20
Negligently allowing prisoners to escape	...	2
Wrongful Confinement	...	1
Criminal Misappropriation	...	1
Hurt	...	6
Theft	...	1
Total	...	31

54. *Rewards*.—The number of officers and men rewarded by promotion was 21 against 58 in the previous year and the number who were given money rewards was 222 against 231. The money rewards amounted to Rs. 1,647 against Rs. 1,010 in the previous year. Of the amount awarded to the officers and men of the Department, a sum of Rs. 997 was from the Budget grant, the balance from private individuals. A further sum of Rs. 659 of which Rs. 534 was from the Budget grant and Rs. 125 from private individuals was awarded to 80 private individuals.

55. *Police lent to Private individuals*.—One officer and 23 men were lent to private individuals on the usual conditions of payment, as against 2 officers and 26 men.

56. *Prosecuting Inspectors*.—The prosecuting Inspectors in the several districts and Cities conducted prosecution in 2,557 cases of which 1,339 ended in conviction, 413 in acquittal or discharge, 22 were withdrawn, 12 struck off on 'A' form owing to the death of accused, 17 compounded, and the remaining 704 cases were pending trial before the courts at the close of the year. They also appeared before District Magistrates and 1st Class Magistrates to support convictions in appeals and instructed Public Prosecutors in Sessions Cases.

57. *Criminal Gangs.*—There are at present 1,124 permanent criminal gangs numbering 44,813 persons, consisting of 13,289 men, 12,856 women and 18,668 children. The number of the wandering gangs that passed through the State was 840, comprising of 6,073 men, 6,092 women and 10,026 children.

The temporary staff which had been sanctioned for the registration of criminal gangs collected statistics relating to Korachers, Koramers, Dombars, Woddars, Handi Jogis and Lambanis numbering 16,971 persons in all the taluks of the Bangalore, Kolar and Chitaldrug districts and in 2 taluks of the Shimoga district. Information pertaining to 23,734 persons in the districts of Mysore, Hassan, Kadur and French Rocks and in the other taluks of the Shimoga District, has yet to be collected.

58. *Meeting of Border Superintendents.*—During the year, the Superintendents of the Kolar Gold Fields and Shimoga met, in conference, the Superintendents of Chittoor and Dharwar, that of French Rocks, the Deputy Superintendent, Coimbatore, and that of Bangalore, the Superintendent of Police of the Anantapur District and the Assistant Superintendent of Police, Penukonda. The Superintendents of Chitaldrug, Kolar and C. I. D., and Railways attended the Superintendents' Meeting at Guntakal.

59. *Casualties.*—The total number of casualties during the year was 406 as against 569 in the previous year as detailed below :—

Casualties	1918—19	1919—20
Discharged on Pension or Gratuity	41	22
By resignation without Pension or Gratuity.	60	79
By dismissal	103	98
By discharge	62	57
By desertion	67	102
By death	216	48
Total	569	406

The decrease in the number of deaths is a matter for gratification. The increase under "Resignation" and "Desertion" can only be attributed to the day and prospects being not looked upon as quite attractive.

60. *Administrative measures of the year.*—The following Administrative measures were sanctioned during the year :—

1. The appointment of 4 Assistant Superintendents of Police for the charges of the Bangalore City and the Sub-Divisions of Chickballapur, Davanagere and Sagar.
2. Local allowances to Police constables in the Cities of Bangalore and Mysore and in important towns of the State.
3. House rent for the Railway Police Officers.
4. Horse allowance to Prosecuting Inspectors.

5. Exemption from payment of house rent to officers of the grade of Sergeants and constables of the Railway Police, when they live in the lines.

6. 10 Officers and 11 men were deputed to Bombay to undergo training in the regulation of street traffic for 2 weeks.

61. *Notable events of the year.*—The next important event of the year under report was the visit of Their Excellencies the Viceroy and Lady Chelmsford to Mysore. The Police had arduous work to do in this connection and all ranks worked with cheerfulness.

I have the honour to be,

Sir,

Your most obedient servant,

S. NARAYANA RAO,

For Inspector General of Police.
